

Agronomy Research

Established in 2003 by the
Estonian Agricultural University
Faculty of Agronomy

Aims and Scope:

Agronomy Research is biannually published peer-reviewed international Journal intended for publication broad-spectrum original articles, reviews and short communications in actual problems of modern agriculture incl. crop and animal science, genetics, economics, technical aspects, agriculture and environmental relations etc. The journal also publishes special issues with conference papers that present new of important advances in research.

Agricultural scientists throughout the world are cordially invited to submit original articles for inclusion in its pages.

International conference
**Development of
Environmentally Friendly
Plant Protection**
Pühajärve, Estonia, 5.-7.09.2006

Conference Scientific Committee

Anne Luik	Estonian University of Life Sciences
Ingrid H. Williams	Rothamsted Research, UK
Åke Lindelow	Swedish University of Agricultural Sciences
Audrius Sasnauskas	Lithuanian Institute of Horticulture
Inara Turka	Latvian University of Agriculture

Conference Organizing Committee

Marika Mänd	Estonian University of Life Sciences
Luule Metspalu	Estonian University of Life Sciences
Küllli Hiiesaar	Estonian University of Life Sciences
Angela Ploomi	Estonian University of Life Sciences
Margus Ameerikas	Kemira GrowHow AS
Enn Lauringson	Estonian University of Life Sciences
Kaljo Voolma	Estonian University of Life Sciences
Heino Lõiveke	Estonian Research Institute of Agriculture
